

European Union Declaration of Conformity

By The Manufacturer:

WB WALTON ENTERPRISES, INC.

To The Following Council Directives of the European Union:

EU Low Voltage Directive: 2006/95/EC

Equipment Type: **Satellite Dish De-Icers**

Model Designations: **DS-4 (Includes units rated at 1.2KW, 1.7KW, 4KW)**
DS-12K (includes units rated at 6KW, 12KW)

This certificate is the manufacturer's declaration, which states that the models DS- 4 and DS-12K De-Icers (includes systems rated at 1.2KW, 1.7KW, 4KW, 6KW & 12KW) are compliant to the above noted EU directives, and is therefore, eligible to bear the CE MARK. This declaration is further validated by an investigation and testing conducted by **Garwood Laboratories, Inc.**, an independent and accredited Test Lab with facilities in San Clemente, California, USA. The evaluations and test data are documented in the Technical Construction File, **GLIQ5395**, which is available on request. This equipment, as of the listed date of manufacture, is technically exempt from the RoHS directive requirements, not being classified as consumer electronics equipment.

EU Low Voltage Directive Test Standards

EN60335-2-83 entitled: Safety of Household and Similar Electrical Appliances, Particular Requirements, Heated Gullies for Roof Drainage.

Manufacturer: **WB Walton Enterprises, Inc.**
575 Iowa Avenue
Riverside, CA 92507 USA

Importer/ EU Resident: Individual or Company Name
Street Address
City, Postal Code
EU Member Country

Models: **DS- 4 & DS-12K (includes units rated at 1.2KW, 1.7KW, 4.0KW, 6.0KW, 12.0KW)**

Date of Manufacture: MM/20YY

We the undersigned hereby declare that the model referenced herein, fully conform to the requirements of the pertinent Low Voltage and EMC Directives and the noted EU Standards.
